The Road We Walk Together

At the Northern Marianas Technical Institute, we are committed to fostering quality relationships with our students, employees, and stakeholders; in the work that we do, and in the community so that we may thrive together. We are committed to building a culture of quality through the values that we, as a team, hold collectively.

- Equity
- Accountability
- Collaborative Efforts
- Continuous Improvement

About Us

Vision

To enrich our CNMI workforce with technical skills and core fundamentals for tomorrow's world.

Mission

The Northern Marianas Technical Institute invests in students by providing advanced trades, career and technical education to produce skilled individuals and strengthen the CNMI workforce.

A Message from the Board of Trustees

Hafa Adai yan Tirow Woomi!

The Northern Marianas Technical Institute Board of Trustees continues to be proud of all our team members, led by our CEO Jodina Attao. As the first year of transition was all about getting the right people, policies, and processes in place, this second year has been more of formalizing our partnerships, fine tuning our vision, direction and creating an institute culture and identity that we can all be proud of. The values of accountability, continuous improvement and collaboration continues to be a guide toward the overall growth and goal.

As our team continues to improve in programs and services, the Board of Trustees have been very proud of the deep collaboration that the NMTI team have done with community partners throughout the Mariana Islands. By strengthening relationships with our fellow educational institution partners - Northern Marianas College and the Public School System, we were able to witness the first ever apprentice partnership and State of Education Address from our three education leaders - Dr. Alfred Ada (PSS), Dr. Galvin Guerrero (NMC) and our very own CEO Jodina Attao. With this collaboration, the momentum of better education and career support for our students has begun. NMTI has also had the opportunity to host the Guam Contractors Association (GCA) to help develop a CNMI Contractors Association. With this, we look forward to working with this industry to ensure great quality of services and support in workforce development.

With our NMTI team working hard on establishing a plan to meet our goal, the Board of Trustees also have been taking time to meet with our Advisory Council members and their staff. They have been supportive in assisting us with data and different reports that are beneficial in assessing our programs and aligning them to the needs of our community. As this continues to be a work in progress, the guidance received will help strengthen a connection to our residents and inform the needs in workforce development. We also have a sub-committee team (made up of Trustees and NMTI team members) that has been working on the EDA grant for our new facility. We are grateful for the diligence of our committee members and continue to look onward toward project completion.

The Board of Trustees would like to congratulate our NMTI team on being great community contributors as they have proudly supported the Northern Marianas Humanities Council with a small-scale movie set project, the Women's Affairs for Success Program and Pacific Mini Games with constructing medal awarding platforms and the amazing 15-foot latte stone cauldron that kept the PMG spirit of friendship, goodwill, unity and sportsmanship burning throughout the duration of this significant event. Most recently, they participated in the Island Trek's effort in supporting the Commonwealth Cancer Association in partnership with Inas' Kitchen. The skills and talents of our team members continue to be shared as NMTI participated in the Island Summer Auto Fest by hosting the Burn Out Competition. This event showcased great collaboration of teachers and volunteers, as together, they conducted engine/break inspections to ensure safety and a successful event.

It has been an honor to serve as the Chairwoman of the Board of Trustees these past months and serve our NMTI team these past years. On behalf of the Board of Trustees, we want to thank our team! We see the hard work and dedication each of you have put in to the institution and we are so grateful! To our Advisory Council members, Government and Private sector partners, we are fortunate to receive your genuine support and confidence. Together, we can help build our people and community into a prosperous NMI!

Sincerely,

Catherine M. Attao
Chairwoman, Board of Trustees

Message from the CEO

On behalf of the NMTech team and its students, I humbly express our sincere gratitude to our Board of Trustees, partners, stakeholders and the CNMI community for the overwhelming support we have received this past year! We are grateful that we are recognized as an investment to the people of the CNMI and will continue to reciprocate this sentiment. Ultimately, growth in all aspects of our organization is the goal as it feeds into the growth of our community as a whole.

As we continue building our capacity, NMTech strives to deliver excellence in the curricular programs we offer, in our relationships with our stakeholders and in our advocacy for the students that we serve. Each day we count our blessings, as we are surrounded with many opportunities to help build on each other's plans to infuse a CNMI-wide culture of quality.

We are positive about backing our plans with action and driving accountability to turn our intentions into results. We firmly believe that sustainable solutions and outcomes can be achieved by identifying common ground amongst all agencies, elevating standards in service delivery, camaraderie and collaborative insight.

Our team looks forward to another year of innovative, high spirited energy in the endeavors of developing our CNMI!

Sincerely,

Jodina Attao, M.Ed.
Chief Executive Officer

Strategic Priorities

People

- **Our Students:**

Building out-of-the-box-thinking leaders

- **The NMTech team**

Continuous Professional Development & growth opportunities

- **Our Partners & Stakeholders**

Nurture productive, robust partnerships for the betterment of the CNMI

Systems

- **Network Infrastructure**

Enhance capacity in broadband initiatives to decrease digital inequities

- **Leveraging of Resources**

Integrate available resources with partners to work toward sustainable outcomes

- **Revenue Generation**

Advanced strategic planning for annual operating plans, strategies and practices that are designed for increasing financial capacity

Continuous Quality Improvement

- **Curricular Programs**

Expand and enhance new and existing curricula to address workforce needs

- **Program Integration**

Optimize student learning and work-based performance by integrating project-based competitions

- **Standard Operating Procedures**

Regularly assess internal processes for efficiency and efficacy as we serve the CNMI community

COURSES OFFERED

National Center for Construction and Education Research (NCCER) Programs:

National Center for
Construction
Education and Research

NCCER is a not-for-profit 501(c)(3) education foundation that develops standardized construction and maintenance curriculum and assessments with portable credentials. These nationally recognized credentials are tracked through NCCER's Registry System that allows organizations and companies to track the qualifications of their craft professionals.

- **CORE Fundamentals: Pre-requisite**
- **Construction Craft Laborer: Level 1 & 2**
- **Carpentry: Level 1 - 4**
- **Masonry: Level 1 - 3**
- **Welding: Level 1 - 4**
- **Electrical: Level 1 - 4 |**
Electronic Systems Technician: Level 3 & 4
- **Power Generation: Level 1 - 4**
- **Heating, Ventilation, Air Conditioning & Refrigeration: Level 1 - 4**

Other Specialized Courses:

**OSHA - 10:
General
Industry**

**OSHA - 30:
General
Industry**

Culinary Arts I

Automotive Technology:

- **Engine Performance**
- **Electricity & Electronics**
- **Steering & Suspension**
- **Brakes**

• **Hotel & Restaurant: HOSPITALITY**

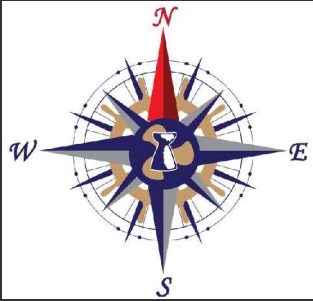

AHLEI is the global leader in hospitality training and hotel management certifications that offers online learning and courses with textbooks and digital material to enhance the hospitality learning experience. NMTECH is partnered with Island Training Solutions - who offers clients a variety of compliance and development courses that are customized to each company to help improve effectiveness in the workplace..

COURSES OFFERED

Western Pacific Maritime Academy (WPMA):

WPMA is a non-profit corporation located on Saipan with its maritime offices and classrooms located at the Northern Marianas Technical Institute in Lower Base. The academy will be offering a full suite of United States Coast Guard approved maritime courses and services to the seafaring public. Included in its offerings are free seminars to the public on how to obtain a Merchant Marine Credential (MMC).

CURRICULUM AVAILABLE NOW:

Vessel Personnel with Designated Security Duties (VPDSD)

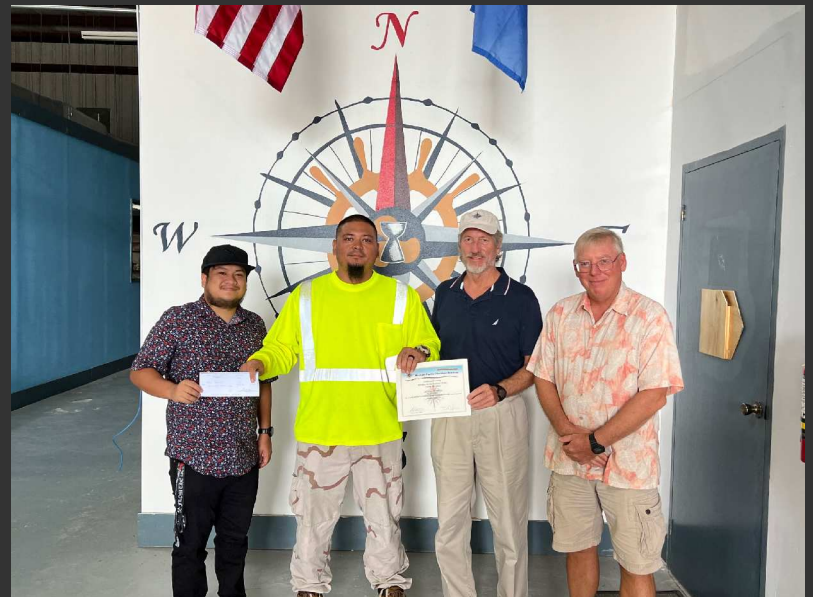

American Sailing Association Sailing Courses:

- ASA 101 Basic Keelboat Sailing
- ASA 103 Basic Coastal Cruising
- ASA 104 Bareboat Cruising
- ASA 105 Coastal Navigation
- ASA 106 Advanced Coastal Cruising
- ASA 107 Celestial Navigation
- ASA 108 Offshore Passage-making
- ASA 110 Basic Small Boat Sailing

Pending US Coast Guard Approval:

- Rating Forming Part of a Navigation Watch (RFPNW)
- BT First Aid-CRP-AED
- BT Personal Responsibilities
- Proficiency in Survival Craft
- Able Seaman
- 100 Ton Master

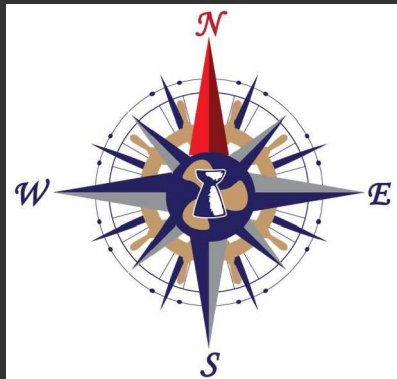

L-R: Jason Palacios, Governor's Office; Jason Tenorio, MMC recipient, Capt. Michael Bacher, Executive Director, WPMA & Capt. David Johansen, WPMA ASA Certified Instructor

COURSES COMING SOON...

- Culinary Arts II
- Baking & Pastry
- Cosmetology

- STCW Basic Training (BT) Combined
- BT Basic Fire Fighting
- BT Personal Survival
- BT Revalidation
- BT Refresher
- Advanced Fire Fighting
- Advanced Fire Fighting Refresher
- Advanced Fire Fighter Revalidation
- Proficiency in Survival Craft Refresher
- Terrestrial Navigation
- Coastal Navigation
- Bridge Resource Management
- Engine Resource Management
- Sailing Endorsement
- Radar Endorsement
- Operator Uninspected Passenger Vessel
- 200 Ton Master

Major Highlights in FY 2022

WPMA & NMTech hosts Naval Sea Cadets

U.S. Naval Sea Cadet Corps. is a federally chartered non-profit civilian youth organization for young people ages 11 through 17. USNSCC is sponsored by the Navy League of the United States and is supported by the US Navy, US Coast Guard and Congressional Charter. The goals of the program are to develop interest and ability in seamanship, instill pride of citizenship and good moral principles, expose cadets to the prestige military or merchant marine careers, encourage alcohol, drug and gang free lifestyle, teach patriotism, courage, self-reliance and kindred virtues.

Micronesian Maritime Cultural Heritage Advance Training Graduation Ceremony for Natibu Division of the U.S. Naval Sea Cadets Corps.

Western Pacific Maritime Academy Executive Director, Captain Michael Bacher and NMTech CEO, Jodina Attao have worked to put together a Memorandum of Agreement on April 2022 recognizing the synergy and common ground that is mutually beneficial and services the needs of the CNMI's traditional, professional & recreational seafarers.

With that, both parties recognize the demand for professional maritime training in the CNMI and are committed to growing a Center of Maritime Training Excellence. WPMA is now located at the NMTech campus in Lower Base where it offers a maritime training track that is in line with United States Coast Guard (USCG) approved curricula.

We are extremely proud of achieving this milestone and will continue to grow this partnership!

The Northern Marianas Technical Institute (NMTI), formerly known as Northern Marianas Trades Institute, was transitioned from a non-profit educational institute to a non-profit public corporation, as an autonomous agency effective February 8, 2021. CNMI Public Law 20-92 officially established the Northern Marianas Technical Institute on February 19, 2019, however, the transition did not occur until fairly recently partly due to the COVID-19 shutdown of the CNMI and other organizational circumstances.

NMTI contributes to the Commonwealth's education, workforce and economic development by providing advanced trades and technical education.

ACKNOWLEDGMENTS

To all our donors, on behalf of the NMTech Board of Trustees, faculty, staff and students, we humbly express our sincerest gratitude for your generous contributions to our organization as we work toward building our capacity and do our part in upskilling the CNMI workforce.
